PLANNING

1. Planning Request for Special Meeting

The Metropolitan Area Planning Commission (MAPC) requested a Special **District Advisory Board Meeting on** Tuesday, June 20, 2000 **at 7:00 p.m.** The plan for this meeting was to present a proposal to amend a Commercial Community Plan in order to allow construction and placement of a 90-foot cellular tower proposed by Sprint PCS. The site proposed for the tower is located immediately north of the Kansas Turnpike on the east side of Woodlawn on the property of Public Storage, a self-service storage warehouse located at 1940 S. Woodlawn. A synopsis of the case was provided to DAB Members.

Scott Knebel, **MAPD Senior Planner**, Made the presentation on this request. Mr. Knebel and Mr. Michael **Anderson from Sprint PCS** were available for questions.

There were **five out of eleven Board Members** at this Special meeting and Vice-Mayor Lambke cancelled the meeting due to the Board failing to meet the Quorum needed to hold the meeting and to present recommendations. However, Board Members present at this meeting asked Mr. Knebel and Mr. Anderson to do a brief presentation anyway, since they were both there, especially Mr. Anderson who drove from Kansas City in order to be present at this meeting. Board Members asked several questions for clarification purposes only and no argument against it was made.
